USSIA Carries Out Youth BDS/ Entrepreneurship Training in Bushenyi Under the Pride Youth Inclusion Program

In a bid to empower Youth Entrepreneurs in Uganda, the USSIA Business Development team implemented a 5-day training last week under the Pride Micro Finance's Youth Inclusion Program in Ishaka - Bushenyi. This is a bid to promote Youth entrepreneurship as well as enable employment creation among the youths in the South Western Region.

The one-week training took place from the 28th November to 02nd December 2022 in Bushenyi District at the Deacon's Hotel in Bushenyi town where fifty-two (52) youths from various zones in South Western Uganda benefitted in the training. Some of the regions where the training participants were from included Ishaka, Isingiro, Mbarara, Kitagata, Bushenyi, Kabwohe, Kikagati, Mitooma among others.

The Entrepreneurship and

Business Development Skills training focused on empowering the youths with Business Development and Financial Literacy skills during the five-day training

The Youth Inclusion Program is supported by the European Investment Bank in partnership with Pride Micro Finance Bank and Uganda Small Scale Industries Association under the Pride Youth Inclusion Program which aims at building capacity of Youth entrepreneurs in Uganda.

The project will also help support and boost their businesses through helping them access affordable financial services and loans to help them scale up their business capacities through acquiring equipment and any other additional requirements that their businesses may require for expansion and growth.

USSIA Sector Meeting of The Energy Entrepreneurs in Rwenzori Region.

USSIA through the USSIA Kasese Zonal Office held an energy entrepreneurs sector meeting on the 30th of November 2022, as part of community mobilization strategy by USSIA aimed at identifying the Sector issues of the Energy Entrepreneurs as well as enlighten the entrepreneurs on the intended intervention and support programs being planned by Uganda Small Scale Industries Association.

The engagement meeting that was held in collaboration with Mnik Technical Services Ltd based in Kasese town council also deliberated on the capacity of clean energy technologies to promote employment creation

and stimulate innovation which makes energy sector relevant to the Rwenzori region economy and the entire country.

The Rwenzori region is one of the regions in Uganda which has been affected by impacts of climate change such as floods, landslide and scientists recommend clean energy technologies such as suction smoke free stoves, solar energy, briquettes among others as part of the mitigation measures and USSIA has committed to support and walk this journey with the Rwenzori community.
